River Transport Itinerary

NATURAL RESOURCES

Mineral resource base of the region is construction materials and energy resources

-  Oil
-  Peat
-  Phosphorites
-  Bishofite
-  Glass sands
-  Sands for construction
-  Chalk
-  Brick raw
-  Cement raw
-  Mineral waters

BISCHOFITE

valuable chemical substance for producing Magnesium metal

**The largest bischofite deposit in Ukraine.
Its reserves amount to more than 1.5 billion tons.**

PHOSPHORITES

minerals for producing fertilizers

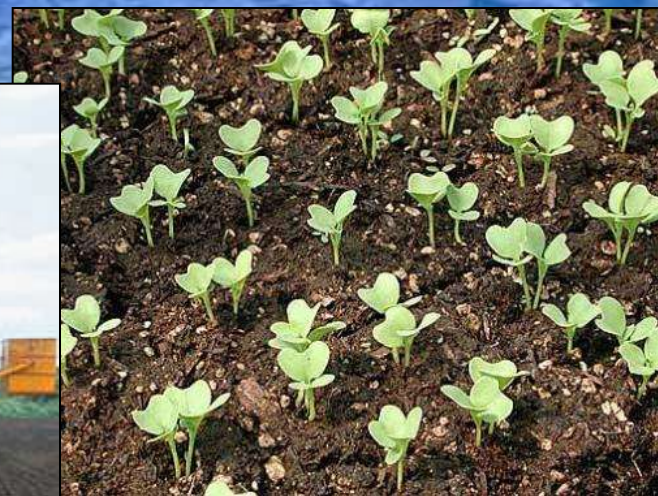

There is the second largest deposit of phosphorites in Ukraine in Chernihiv region.

PEAT

solid biofuel and natural fertilizer

Peat resources of Chernihiv region have the reserves of 206.6 million tons.

The heat value equals to 1 trillion m³ of natural gas.

GLASSY SANDS

Ukraine's 3rd largest deposits of glassy sands are concentrated in Chernihiv region.

The quality of glassy sands is the best in Europe.

CHALK

The deposits of high-quality chalk, which is good for producing cement, is around 1 billion tons.

TIMBER

Total area of land for forestry purposes in our region is around 750 000 ha.

Total stock of tree stands is more than 150 ml m³

AGRICULTURE

**2.1 million hectares of agricultural land
of which 1.5 million hectares is arable land**

UKRAINIAN SOIL

**Ukraine has 30 percent of world's black soil.
Total area of black soil in Chernihiv region is
more than 1 million hectares.**

GRAIN HARVEST

The amount of harvested grains in 2013 totaled more than 3 million tons.

In the next 3 years the amount of harvested crops will increase to 5 million tons per year

POTATO AND FLAX

Chernihiv soil is perfect for growing potato and flax of the highest quality

DEVELOPMENT OF ANIMAL HUSBANDRY

There are 600 000 hectares of free grasslands for cattle grazing

Availability of free industrial sites

Our region has plenty of free land plots (greenfields) and plenty of free manufacturing areas (brownfields).

These sites have the basic kinds of utilities and are suitable for location of any production facilities.

Qualified and cheap workforce

There are 5 higher educational establishments owned by state 20 technical schools and colleges, 22 vocational schools that prepare qualified personnel in various specialties.

The average salary in the region is around **200 USD**

TRADE

Bordering with Russia and Belarus, Chernihiv region enjoys the stable and powerful trade development

The commercial services are held by 8000 trade enterprises, which have great experience of work within Ukraine and abroad.

We welcome and encourage a variety of forms of cooperation:

- **Import and export trade;**
- **Agriculture;**
- **Mining and processing of mineral resources;**
- **Placing of production facilities on the territory of our region;**
- **Various ideas and suggestions from you.**

Chernihiv region has significant tourist and recreation potential

We have a favorable climate,
varied flora and fauna, protected
areas and network of facilities for
recreation

As well as
historic sites which allowed us
to work out the variety of hiking
trails and routes

**We sincerely welcome you
for mutually beneficial cooperation!**
